Water Sports & More

Terres de l'Ebre & Costa Barcelona Rowing, Sailing & Cycling

In the Terres de l'Ebre you will find a great variety of natural areas suitable for all kind of activities: hiking, cycling, birdwatching,... The coastline invites you to sail and enjoy the feeling of freedom. Sailing is a very popular water sport due to the pleasant climate and the coastline packed with plenty of beaches and coves where you can drop anchor.

In the morning, a windsurfing lesson or a kayaking ride. In the afternoon, a water skiing session or optimist dinghy trip. The following day, a few cable jumps with the board, an introduction to stand-up paddle surfing or a spin on a jet ski. At Costa Barcelona's Catalonian Olympic Canal, in Castelldefels, you can do all of this, and much more. Nearby, we find the Sánchez-Casal Academy that houses 27 tennis courts, a sport centre, an outdoor pool and other sports facilities: football, basketball, volleyball, paddle,...
